Adam Harbuck will be here this month! Wait... you never heard of Adam Harbuck? Well this is a perfect opportunity to meet him.

Adam is the owner of Harbuck Outdoor Sports, located at 1914 E. 70th St in Shreveport right between Edwin Watts Golf Shop and Aquarium Concepts. He will tell us a little about himself and his shop and what they carry.

Even though the meeting starts at 7:00pm, Adam will be down at the refuge boat ramp starting at 6:00pm with three different models of kayaks for you to try. If you ever thought about getting a 'yak' - and even if you haven't - this month's meeting is a perfect chance for you to try one. Just curious and want to watch? Come on down! You never know who might end up in the drink and you sure wouldn't want to miss that!

Also this month, we have a lot of club business. Executive Committee nominations are still open. If you know someone that will serve and you think they will be a good leader in our club, submit there name.

Some changes to our Club Bylaws are up for consideration. The complete changes are shown in this edition of *The*

Club Bylaws

September Meeting Recap

During the September meeting of the North Louisiana Fly Fishers we learn about the construction, care and purposes of different types of fly lines from Rex Walker.

Rex is an IFFF Certified Casting Instructor and a member of TFO Rod's Pro Staff. He gave a fantastic presentation that covered fly line composition, differences, and proper selection. He also dabbled a little into proper fly line cleaning and maintenance.

Much knowledge was to be had from Rex. He explained how the rod and a particular line form a unique system that works as one unit. The same line may not perform the same from one type of rod to

the next. He explained the purpose of each different type of line and what situation would each type would be best used.

For the business end of the club, nominees for the 2016 Executive Committee were put forth during the meeting. The nomination process is still open so if there is someone you would like to be considered, come to the October meeting and submit your candidate. We will have elections at the NLFF Banquet. 🐟

From Our Members

Judy Thomas is currently on the Lower Mountain Fork doing some early fall fishing. If these pictures are any indication, she is having a great time - and catching fish, too!

Judy says, "I caught this cutbow yesterday pm at the bluffs. It was

about 16" & put up a good fight. I was fishing with a bead head nymph for my anchor fly with a black copper John hanging about 18" above. Caught the fish on the black copper John."

Judy continues. "This one I caught this afternoon at evening hole just down river from the bluffs. About the same size as yesterday & just as much fun. Only problem I'm having is landing them with my 5'3" body & a 11' rod. My arms are

just not quite long enough to work the rod & my net at the same time. Thinking about going back to my 9' St Croix to see if it's easier for me to work. Caught him on a brown winged wet fly."

Oh, to have her problems, right? Have a great time and we want to hear all about your trip when you get back! 🐟

Serving the Ark-La-Tex for over 30 years

It is the charge of the North Louisiana Fly Fishers to afford the general public and our members in particular, a better understanding of Fly Fishing, Fly Tying, and Rod Building. We wish to perpetuate the sport as a most pleasurable and exciting fishing method and provide education, instruction and the opportunities for relaxation to the membership.

The North Louisiana Fly Fishers (NLFF) Club serves the Ark-La-Tex area surrounding Shreveport. As the closest cold water fishery, we consider the Little Missouri (Little' Mo) River near Murfreesboro, AR our home waters. We also fish the local rivers and lakes. We even have a growing group of kayak fishermen that, as well as the local rivers and lakes, will fish the gulf coast marshes for some saltwater action!

We meet the second Tuesday of every month at the Red River Wildlife Refuge (150 Eagle Bend Point, Bossier City, LA). Meeting starts at 7pm but come about 6pm to visit, tie flies and practice casting when the weather permits. See you there!
